BILL TO (CLIENT)

ForceIndia Trailers
Attention: Management & Operations Director
Domain / Staging: force-india.vercel.app
Repository: github.com/DedSec2185/force-india
Location: Maharashtra, India

Institutional Modernization & Digital Fleet Platform: This delivery provides ForceIndia Trailers with an enterprise-grade digital fleet acquisition platform. Deployed on Vercel's global edge network with automated SSL encryption, the platform features a mobile-first transport hub, dedicated 3D chassis diagnostics, downloadable technical engineering sheets, 1-tap WhatsApp consultation funnel, and complete Git source code ownership.

ITEMIZATION OF SCOPE & DELIVERABLES

DELIVERABLE / MODULE DESCRIPTION	AMOUNT (₹)
1. Full-Stack Multi-Page Web Platform & Mobile-First Fleet Showcase Custom responsive engineering across 4 dedicated hubs: Mobile-First Home Hub, Flatbed Semi-Trailer Showcase, Skeletal Container Chassis Hub, and Custom Fabrication quotation portal. Includes sticky bottom quick-action bar (Call Sales, WhatsApp, Instant Quote) optimized for logistics fleet owners.	₹3,500
2. Interactive 3D Engineering Diagnostics & Visual Breakdown Engine Multi-angle structural chassis breakdown, payload stress points, high-definition trailer video streaming pipeline, and interactive configurator hooks for real-time quotation requests.	₹2,500
3. High-Performance Serverless Cloud Infrastructure & Edge CDN High-availability deployment on Vercel's Global Edge Network. Sub-50ms latency across India, automated GitHub CI/CD continuous deployment pipeline, responsive asset compression engine, DDoS protection, and 99.99% uptime with zero ongoing local server maintenance.	₹2,000
4. Lead Acquisition Architecture & WhatsApp Direct-Connect Integration 1-tap WhatsApp consultation funnel, direct phone dialer integration, technical PDF spec sheet distribution engine (SAMPLE FLATBED PAGE 1.pdf), and friction-free inquiry conversion pathways.	₹1,000
5. Full Code Ownership Handover, IP Rights & 30-Day Technical Warranty 100% transfer of source code, intellectual property, and GitHub repository ownership to the client. Full operational handover and 30 days of complimentary post-launch technical warranty covering defect resolution, content adjustments, and administrator support.	₹1,000

Total Contract Value:	₹10,000
Advance / Prior Credits:	₹0
TOTAL DUE (INR):	**₹10,000**

💵 Preferred Settlement Mode: Cash Payment (In-Person Handover) or UPI

Cash settlement is supported upon in-person handover and administrative sign-off. Direct UPI or instant electronic bank transfer (NEFT / IMPS) is also accepted to the verified accounts below:

TERMS OF SERVICE & DELIVERY NOTES

- **Cloud Infrastructure & Deployment:** The live platform has been compiled, checked, and hosted on Vercel's Edge CDN at force-india.vercel.app with zero ongoing server maintenance overhead.
- **Code & Asset Transfer:** Complete access and ownership rights to the Git repository (github.com/DedSec2185/force-india) and all media assets are transferred upon payment settlement.
- **30-Day Post-Launch Warranty:** Includes 30 calendar days of technical support for bug resolution, minor copy updates, phone/WhatsApp number adjustments, and custom domain linking assistance.
- **Custom Domain Integration:** Once the client's official domain registrar access is provided, DNS A/CNAME records will be connected to point the custom domain directly to this Vercel edge deployment at no extra charge.
