MASTER SERVICE AGREEMENT

Heavy Commercial Vehicle Digital Platform, Cloud Infrastructure & Fleet Lead Acquisition Agreement

SERVICE PROVIDER

ASVEX Technologies (Sole Proprietorship)
Proprietor: **Abhayraj Singh**
Email: abhay@asvextech.com • Phone: +91 98924 69015
Location: Mumbai, Maharashtra, India

CLIENT

ForceIndia Trailers
Attention: **Management & Operations Lead**
Live Staging: force-india.vercel.app
Codebase: github.com/DedSec2185/force-india
Location: Maharashtra, India

This Master Service Agreement ("Agreement") is entered into between **ASVEX Technologies** ("Service Provider") and **ForceIndia Trailers** ("Client"). The Service Provider has engineered, deployed, and configured the custom cloud-based commercial vehicle platform at **force-india.vercel.app** to provide enterprise-grade digital fleet showcases, 3D chassis diagnostics, downloadable technical engineering specifications, and friction-free mobile lead acquisition.

1. Scope of Work & System Deliverables

The Service Provider has engineered and successfully deployed a full-stack, mobile-first cloud web platform comprising the following core modules:

Module 1 — Mobile-First Transport Architecture & Multi-Product Fleet Showcase
Complete responsive web architecture engineered across 4 dedicated hubs: Mobile-First Home Hub, Flatbed Semi-Trailer Showcase, Skeletal Container Chassis Hub, and Custom Fabrication quotation portal. Engineered with a persistent bottom quick-action bar (Direct Call, WhatsApp Consultation, Instant Quote) designed for mobile logistics operators.

Module 2 — Interactive 3D Chassis Diagnostics & Visual Engineering Breakdown
Multi-angle structural chassis breakdown, payload stress points, high-definition trailer video streaming pipeline, and interactive configurator hooks for real-time quotation requests.

Module 3 — High-Performance Serverless Cloud Infrastructure & Edge CDN
Serverless edge deployment on Vercel's global infrastructure with automated GitHub CI/CD continuous deployment pipeline, sub-50ms TTFB latency across India, DDoS security, 256-bit automated SSL encryption, and 99.99% high-availability uptime.

Module 4 — Lead Acquisition Architecture & WhatsApp Direct-Connect Integration

1-tap WhatsApp consultation funnel, direct phone dialer integration, technical PDF spec sheet distribution engine (SAMPLE FLATBED PAGE 1.pdf), and friction-free inquiry conversion pathways.

Module 5 — Full Code Ownership Handover, IP Rights & 30-Day Technical Warranty

100% transfer of source code, intellectual property, and GitHub repository ownership to the client. Full operational handover and 30 days of complimentary post-launch technical warranty covering defect resolution, content adjustments, and administrator support.

2. Technical Infrastructure & 24/7 Cloud Hosting

The platform is deployed on modern cloud infrastructure ensuring high availability and zero ongoing local maintenance overhead:

- **Hosting Platform:** High-performance serverless cloud edge infrastructure on Vercel with automated SSL/TLS (HTTPS) encryption certificates.
- **Domain & DNS Integration:** Ready for immediate mapping to Client's custom domain (e.g., forceindiatrailers.com) via DNS A and CNAME record linking at no additional cost.
- **Universal Device Accessibility:** Accessible 24/7 across smartphones, tablets, laptops, and desktop computers worldwide with sub-second response times.

3. Commercial Terms & Payment Schedule

The agreed total fixed contract fee for the complete ForceIndia Trailers Digital Platform and cloud delivery is **₹10,000 (Rupees Ten Thousand Only)**. Payment settlement in cash is supported upon in-person handover and administrative sign-off; direct UPI or electronic bank transfer (NEFT/IMPS) to Service Provider's verified account (**abhayrajs366@oksbi**) is also accepted.

DELIVERABLE / MILESTONE TRIGGER	AMOUNT (₹)	STATUS
Complete System Delivery & Live Cloud Handover Full multi-page platform live at force-india.vercel.app, Git repo active, 3D diagnostics live, and lead capture systems verified.	**₹10,000**	Payment Due Upon Handover

4. Intellectual Property & Code Ownership

Upon receipt of the full contract fee (**₹10,000**), all custom software code, web page designs, graphics, content layouts, and configuration files specifically created for the ForceIndia Trailers platform shall be fully transferred to the Client. Pre-existing frameworks and tools developed by ASVEX Technologies remain licensed to the Client on a non-exclusive, perpetual basis for internal institutional use.

5. Confidentiality & Data Privacy

Both parties agree to treat all commercial designs, proprietary trailer specifications, pricing tiers, and customer inquiries as strictly confidential. ASVEX Technologies will not share, disclose, or distribute any Client records or commercial data to any third party without explicit written consent.

6. Warranty & Complimentary Post-Launch Support

The Service Provider provides **30 days of complimentary post-launch technical support** from the effective date of this agreement. This includes resolving software defects, assisting office staff during onboarding, updating phone numbers or WhatsApp links, and performing minor text or photo adjustments. Ongoing feature expansions or server maintenance beyond 30 days are available under optional support agreements.

7. Governing Law & Jurisdiction

This Agreement is governed by the laws of India. Any disputes arising out of or in connection with this Agreement shall be subject to the exclusive jurisdiction of the competent courts in **Mumbai, Maharashtra, India**.

8. Acceptance & Signatures

IN WITNESS WHEREOF, the authorized representatives of both parties execute this Master Service Agreement as of the Effective Date.
